

Using ebrary Online Reader Annotations

Highlight, create bookmarks, and add notes directly in your browser while reading online!

Select **Read Online** to begin using ebrary Online Reader Tools directly in your browser. You must be signed into your **ebrary account** to use Online Reader tools.

The screenshot displays the ProQuest ebrary online reader interface. At the top, there is a navigation bar with 'ProQuest ebrary' on the left and 'Home Search Bookshelf ? Sign Out' on the right. Below this is a toolbar with various icons for document actions. The main content area shows the title 'Light Fixtures' and a paragraph of text. A yellow highlight is applied to the sentence: 'The term "luminaire" often is used interchangeably with "fixture" in the lighting industry, as in the terms "recessed fixtures" and "recessed luminaires."' Four red callout boxes with letters A, B, C, and D are placed on the page. Red arrows point from the toolbar icons to these callouts: from the star icon to A, from the note icon to B, from the highlighter icon to C, and from the bookmark icon to D. A yellow note icon is visible in the top left corner of the page content area.

- A: Annotation Side Panel:** Access details about your notes, bookmarks, and highlighted text
- B: Notes:** Create a note by selecting the icon on the toolbar. Pages with notes will have a yellow note icon in the top left corner of the page. Read the note in the Annotation Side Panel (A)
- C: Highlighter:** Select the highlighter icon from the toolbar. Click and drag directly on the words you want to highlight.
- D: Bookmarks:** The bookmark in the top right corner of the page will be grayed out if you have not selected a bookmark. To bookmark a page, click on either the icon on the toolbar, or directly on the page. Bookmark icons will turn purple when selected.
